

## FLU VACCINATION

# PRICES – CLEAR AND FAIR.

With SWICA, companies offer their employees the seasonal flu vaccination conveniently and on favourable terms. The costs are borne by the employer, so the vaccination is free of charge to employees.

## NOTES

- › The prices listed do not include any applicable taxes.
- › The management fee applies to standard implementations. Different rates apply to non-standard quotes.
- › The half-day and full-day flat rates shown include travel time and expenses. Exception: If the medical team has to stay locally overnight, the costs for overnight stays will be charged to the client.
- › Due to increased demand for the seasonal flu vaccine, companies purchase a fixed number of vaccine doses when placing their orders. It is not possible to charge for the actual number of vaccine doses used.
- › The costs of the seasonal flu vaccination are met in full by the companies involved. It is not possible to charge the costs to employees.
